Bargaining 2020

The Bargaining Committee has met with the Employer on July 10, 2020 to exchange proposals.

The proposals that the Union presented to the employer reflect the needs and desires of the membership through the surveys you completed and conversations we have had with members throughout the plant

The Parties have commenced the bargaining process and have met with the Employer on August 28 and September 2. Further dates are scheduled for September 8, 17, 18, 21, 22 and the 23rd to complete the bargaining process.

The parties have had meaningful discussions and are working hard to achieve a collective agreement.

The current collective agreement remains in effect while the parties are negotiating a renewal agreement.

Your Bargaining Committee will continue to keep you updated as we progress through this set of negotiations.

Thank you for your continued support
